

From everything I have read, seen and heard, Mr. Nearman's actions merit expulsion from office, at the very least. He endangered everyone in the Capitol, public officials, civil servants, security and Police officers, broke Rules and abrogated his Oath of Office.

He put innocent lives in harm's way intentionally and with malice aforethought, and I do not understand why he is not in jail.

As representatives of the People of the State of Oregon, you owe it to them to see that justice is done, rioters are not aided and abetted by our

own Public Officials, our rules and Laws are enforced and that there will be no possible repetition of his actions.

DO YOUR DUTY.
