

I am C. Randall Millar, As a constituent of House District 23, I am appalled, alarmed and very concerned about the behavior of Mike Nearman's actions on December 21, 2020. From the recently published video of Nearman for his so-called "Operation Hall Pass," i firmly believe his action of opening the locked doors to armed protestors with information as to when he would be opening a given door, is a level of sedition and treachery that warrants his dismissal as a representative of this district. His communication of his phone number, his opening the door at a predetermined time, and allowing the protestors in during a session of the Legislature was illegal, potentially dangerous, and conspiratorial.

I urge you to expel this man from office. He DOES NOT represent my values nor the values he was sworn to uphold.
