Testimony for HR 3: Resolves that Representative Nearman engaged in disorderly behavior

As a residents of State HD 23, we strongly object to Representative Nearman's conduct in facilitating entry when our Oregon State Capitol was beseiged by an unruly mob which threatened police, legislators, and staff. His disrespectful and potentially harmful action puts our democracy in danger. We are amazed that Rep. Nearman has not already had the good sense to resign, and we support further action by the Legislature if he does not.

Sincerely yours,
