

There can be no question that Mr. Nearman's behavior has been disorderly-despicable more closely describes it.  
His actions have intentionally damaged the operations of Oregon government, put law enforcement in direct jeopardy, and undermined the very basics of of democracy.  
Mr Nearman has no defense for his actions, and shows no remorse.  
He has proven that he is dis-inclined to serve the public good, and is unsuitable to hold public office.  
Thank you,
