Re: Modifies provisions of corporate activity tax.

I SUPPORT on [SB 164].

The concept of [SB 164] is a good framework but, [SB 164] requires "fine-tuning" to accommodate various business entities.

There are obvious loop-holes in the tax structure requiring amendments.

Good-job so far but, more work is needed especially, in to help the; Media-Folks, the Farmers, Ranchers, Orchardists, the Cider, the Craft Beer and Wine Industries,
