

To whom might concern, ???????2/14/2020

My name is Salvador Rivera I came to Heritage Village to live with my family on November 2013. When we bought our house we tried to understand the rules and regulations as best we could and when we signed we did so trusting that the people that helped us were being honest, then we found out they were not told the truth we were lied to so that we would agree to purchase the house, but oh well my testimony is that if we would have been able to read and understand what I mean is if the contract rules and regulations was in our language there would have been no way we would of moved to Heritage Village this company is like a lot of companies they only care about making money and they find a way to take money from the lower class people so they can have more. They do not see us like human beings that need a home they see us like people they can make money off us. That is all from me thank you for your time.

Sincerely,
Salvador Rivera and Family
