

A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed.

Lawful possession of a firearm should not be criminalized. The right to carry legally and defend ones self is a crucial part of our nation's constitution. This bill should be 100% opposed. I am against it, as it makes any law abiding person that happens to be nearby, a felon. It's bad enough as it is. Why make good people criminals?! Please stop the madness and infringement on our American rights to carry and defend ourselves.

Thank you.
