

I am an MS advocate and a member of the MS Society board of trustees here in Oregon. I'm contacting you today to ask you to please vote YES in support of SB 560. I have been living with Multiple Sclerosis since 2011 and am currently on my second medication. I have been lucky enough to receive co-pay assistance up until this point. I learned in January my co-pay will move from \$50 a month to \$3,050! The cost of the medication I take each month is over \$8,000! My health insurance covers the remaining portion. I am lucky to be able to continue this assistance temporarily until May, but hundreds of others will be forced to make other choices. I know people who have stopped taking their MS medication because of this. Please support SB 560 to count all our copays. Thank you for your work.
