

I have spent most of my adult life in Law Enforcement. A citizen has the right to defend him/herself and family, as the police can't be everywhere. This is especially true in the current climate. Citizens who exercise the right to lawful concealed carry should not be penalized and be made criminals, which is what this bill will do. It is unfair to make criminals out of law abiding citizens. The criminal element will not comply and will continue to with their unlawful behavior patterns. This bill is flawed. It will hurt law abiding citizens by making them criminals and taking away their right to protect themselves and their families.

Thank You
