

Vote 'NO' on this Bill.

A 'YES' on this Bill will only put families and children at higher risks of being harmed by criminals.

People like me with concealed carry licenses are here to protect families and the more protection you remove from families the more criminal activity will grow. Just look at Portland for example and how Ted Wheeler removed the Portland Gun Violence team only to re-instate it less than 11-months later due to high gun crime.

Voting 'YES' on this Bill will kill more women and children.
