

Quit undermining the rights of citizens! 2nd Amendment to the Bill of Rights, according to its own language, SHALL NOT BE INFRINGED! Law abiding gun owners are no threat to the state. Criminals are, like the ones you allowed to destroy the once beautiful city of Portland. If you hate the United States so deeply, LEAVE, instead of destroying it from within. Increasingly, the Governor and legislature are being viewed by citizens as domestic enemies instead of servants of the people. What a disgrace.
