

I oppose SB 554 because it is an infringement on the second amendment. This bill along with all gun laws is punishing law-abiding citizens who followed the law and obtained concealed permits because criminals, street thugs, and gang members who don't have concealed licenses are the ones who are not going to follow any of the anti-gun bills. What is the point of getting a concealed handgun permit if this bill prevents you from going anywhere with a handgun with your permit? Oh right because you don't want law-abiding citizens to have handguns anywhere even when criminals will guns without permits because they're not gonna follow any law for that matter.

This bill is about controlling people by giving them the illusion of "being safe". A bad guy with an illegally obtained gun doing harm can be stopped by a good guy with a gun. This is a much better situation instead of calling and waiting for the police who tend to show up too late after a crime has been committed. They are basically a glorified cleanup crew at that point. People need to realize that defensive gun use happens more often than you think.
