

Good evening Chair Prozanski and Vice-Chair Thatcher.

My name is Jeremy Kennedy and I am opposed to senate Bill 554. I have had my concealed hand gun incense for over 8 years and this bill would turn me and others into criminals. Gun laws such as these don't protect innocent people. Criminals don't follow laws that is why they are criminals. I urge the committee to kill this bill and all of its amendments.

Thank you for your time and consideration.

Jeremy
