

Although I support this bill, I don't support it being drug out until 2023. I believe that this farce has gone on way too long and needs to end NOW! Gov. Brown needs to get off her high horse and OPEN OREGON BACK UP! Remove the mask mandates and call off her thugs. Stop killing jobs, people's lively hoods, their businesses. Follow the Constitution of both Oregon and the US. Kate Brown and the OR legislatures are committing TREASON by imposing such mandates and fines for people opposing her draconian mandates and fines.

WE THE PEOPLE demand she back down and OPEN OREGON UP. Stop with the PLANDEMIC GARBAGE. This Covid virus is no more deadly than the common flu. It has a survival rate of 99% and for that Democratic governors are killing their states with these lockdowns and mask mandates. Let the people decide what is best for them. Government is NOT MY DOCTOR, Not my ruler!
