

I am strongly opposed to this bill and urge you to vote no. Did you know that in order to get this license you have to take a class and get an EXTENSIVE background check before a conceal carry is issued? I'm a law abiding citizen. Why do you all have the OSP there with their guns protecting you at the Capitol? To protect you! I would like to continue to protect my family with a law that is already in place to anywhere I travel. Thank you for your time.
