

Dear Senate Committee on Judiciary and Ballot Measure 110 Implementation,

I am writing to express my opposition to HB 554. I am really not sure how this will make any of us safer. And it will only impact law abiding Oregonians. We will end up with a hopscotch of local laws eliminating legal Oregonians from legal concealed carry. With the current unrest happening in Portland, law enforcement taking longer to respond to calls, this law would remove a persons right to defend themselves.

This will not be a good law for Oregon.

Thank you
David Lundell
