

Dear Chair Patterson and Members of the Senate Health Care Committee, the Pharmaceutical Industry Labor Management Association (PILMA) wishes to go on record in support of SB 439, Share the Savings. Biopharmaceutical manufacturers consistently provide significant discounts off the list price of medicines to insurers and PBMs in the form of rebates. Rebates and discounts should go to the benefit of the patient. Here is a link to a pertinent PILMA Resolution.

PILMA is a partnership between eleven pharmaceutical companies and eight unions that represent Building Trades workers, law enforcement officers, and firefighters. Here's a link to their website-
