

Strongly oppose SB 139.

Overreach of government controls taking more taxes and redistribute it according to pet projects. Strips the economy of growth options in the free market. As if the Corporate Excise Tax wasn't enough to discourage businesses to come to Oregon.. When will you learn that less taxation grows the economy and gives a bigger return.

If you haven't noticed, many industries still are not functioning. The commercial construction is still at a stand-still along with restaurants and gyms to name a few.
