

This bill is based on an ILLEGAL and UNLAWFUL MANDATE, therefor making it NULL AND VOID on its face. This is the problem with our legislature today, you do not understand your Oaths or your limits on your Authority, therefor you attempt to enact things that are well beyond your scope. CEASE and DESIST any an all action that limits a business on conducting day to day operations, for the livelihood of the owner or stockholders, that is outside of your authority to propose, case in point HB3177. This is a Communist move to control, hinder and prohibit basic, God given RIGHTS!
