Re: Honoring Rep. Greenlick

Senator Patterson, and members of the committee,

The Human Services Coalition of Oregon supports SCR 3, and is grateful to the legacy Rep. Greenlick and his lifetime advocating for Oregonians, for their health and for their ability to thrive in our state.

For over three decades, HSCO has convened like-minded advocates in an effort to fight for the policy development and resources necessary to support vulnerable Oregonians. HSCO is made up of over 100 individuals and organizations that work together to develop effective tax, education, health care, housing, human services and economic development policy that together make Oregon a better place for all its citizens. Rep. Greenlick was a champion for many of the issues that HSCO cared about most.

Rep. Greenlick had a deep understanding and commitment to improving the health of Oregonians. Through his years of experience before he served in the Oregon House of Representatives and his over 10 years as an elected public servant, he was committed to the pursuit of making Oregon better.

He was a mentor, visionary, leader and dear friend to many who worked in this building. Many of HSCO's members have personal experiences working with him over the years and are grateful his work and his legacy.
