

Chair & Vice Chair,

My name is Michael Wiselogel. I want to let you know I oppose SB 571. This is a sad political move to try and give the vote to criminals who have ended up in jail who will vote for anything free or promises to provide a socialist narrative the Democrat party is pushing. The current media does not share all views of the various political parties. This will not allow the criminals to make a fair and good choice because they will not have all the facts.

Do not move this SB 571 out of this committee.

Thank you.
