

Chair Prozanski, Vice-Chair Thatcher, and Members of the Senate Committee on Judiciary and Ballot Measure 110 Implementation,

My name is Mason Drummond and I'm a high schooler in Portland testifying in support of SJM 2.

A Constitution is indicative of the values that we hold as a country, with tangible real world implications. It is unacceptable that our Constitution and our criminal legal systems continue to support slavery; it is inexcusable, reprehensible, unjust, cruel, and discriminatory. I urge you to remove support for slavery from the Constitution. I urge you to support SJM 2.

Thank you,  
Mason Drummond
