

Committee Chair,

I oppose HB2379 because of the timing, it is a very ill-timed tax. The impact of another new tax hike proposal is and should be to this committee unconscionable.

A new timber tax won't help replant forests or rebuild devastated communities. It is all about priorities. Please don't make things harder than it has to be and already is.

Thank you for your consideration in this very important matter.

Respectfully,  
Debbie Swenson
