

I get democrats have always been tax happy because they want to fund projects that make their progressive voter base happy but seriously? Who in their right mind would want to go after home owners? You want to make property taxes sky rocket at a time when our economy is seriously damaged and people are out of work from our blue state shut down and policies and democrats seriously think this is a good time to make Oregonians pay more to the government than we already do? How do the tax happy Democrats not realize that the people in Oregon that this is going to hurt the most is the minority communities? Why don't you tyrannical bunch of fools find better things to do in the people's house (capital) than go after our constitutional rights and freedoms and resorting to idiotic moves like raising taxes. Please vote NO on this horrible bill and tell the authors and supporters of this bill to pull their heads out of the sand. No more assaults on our rights and liberties and no more taxes!!
