

I am in strong support of this bill.

I have practiced safe lane sharing in California. It is indeed safe and not reckless if you are following the law. This saves everyone's time that's in traffic by taking another vehicle out of the line. This will help promote more people commuting on motorcycles which has many benefits including less traffic congestion, fewer emissions and its safer for the motorcyclist.

Please can we move forward like the rest of the world where lane sharing is practiced and taught when getting your license.

Please vote yes on this bill.

Thank you!
