

Dear Chairman & Committee: I am an independent, a veteran, & native Oregonian. I am 100% against this bill & each of its provisions. Our Constitution, Bill of rights & existing laws guarantee our freedoms, rights, liberties. Legislation such as this bill are illegal & unconstitutional & deliberately submitted in an attempt to work around the deliberately difficult checks & balances built into our republic form of government. You, as our representatives & senators, are sworn to protect & defend the rights, liberties & freedoms, from all enemies Domestic & foreign, guaranteed in these documents. Due your duty and defeat & remove this bill. It does nothing but attempt to erode the rights, freedoms & liberties guaranteed by the founding fathers.

If the legislature spent as much time supporting our rights as they do trying to limit, remove, reduce, & destroy them you would be doing the job you were elected to do rather than what you feel may be better. Our rights do not end where your opinions & feelings begin.
