

I oppose this bill. I am one of the 99.999999% the law abiding Oregonians who are just trying to survive as this state becomes more and more unsafe for it's citizens. This is just another way to keep law abiding citizens from being able to protect themselves. If I do not have a record, clear me to buy a gun. If I do not qualify, do not clear me. If there is a question, then the purchaser is not a citizen or something else. Notify the person immediately. If there is more to it, then you are disenfranchising a citizen. This really is not hard. We do not need more laws. Enforce the ones we have. I urge you to protect the guns rights of Oregonians. Vote NO!!!
