

My Name Manuel j. Martinez residing in the City of Keizer, State of Oregon. This still the same .me Bill to Eliminate the 2nd. Amendment./ Nothing new. This bill HB2543 is still dancing with :FRAUD", I would like some from the this Committee to address this. I believe the definition of Fraud match very well with this attack to the Constitution of our Country, United Stat of America.

I have no statistics neither averages or any other piece of work, to show. "Freedom" is not subject to any those. Why you Legislators do not allow, Law Enforcements personnel to do their job properly, insteads to intimidate them as been abusers? Your purpose is disarm the population, which is well define, by your actions. You allow the Antifa movement to destroy America. You refuse to exercise justice. You wanted to convert this Nation in a tyrannical form of government by introduction of MARXISM, which I am very well familiar with them, by personal experience. You are a total manipulators of the TRUTH, the reason I call this Bill HB 2543, a "fraudulent" piece of Legislation. Read my article "Disarming America by FRAUD" an learn.

" Freedom s a priceless jewel, once lost would require an unparalleled quantity of patriots to seek its return; leaving behind a trail of blood by those defending Freedom you are wasting."
