\* Non-statewide refers to a candidate running for the Oregon Legislature or Circuit Court Judge or District Attorney.

\*\* Statewide refers to Governor, Secretary of State, State Treasurer, Attorney General or Commissioner of the Bureau of Labor and Industries.

One “election period” goes from the day after the general election for the public office to the date of the next primary election for that office. The other “election period” goes from the day after the primary election to the date of the next general election for that office. So, during an even-numbered election year, there are 2 “election periods.”
