No amendment.

**BACKGROUND:**

System development charges (SDCs) are fees imposed by local governments on new developments to help cover the infrastructure needed to support the development. Under ORS 223.297 to 223.316, SDCs can be used for 1) water supply, treatment, and distribution; 2) waste water collection, transmission, treatment, and disposal; 3) drainage and flood control; 4) transportation; and 5) parks and recreation. In 2021, the Legislative Assembly passed HB 3040, which required Oregon Housing and Community Services (OHCS) to conduct a comprehensive study on SDCs. Under the measure, OHCS is required to provide a final report on the study to the Legislative Assembly by June 1, 2022.

House Bill 4014 changes the deadline for submission of the final SDC study report to December 15, 2022.
