**BACKGROUND:**

Oregon's education statutes provide local control to school districts, within the context of the Legislative Assembly's authority over statewide policy and the delegation of authority to the State Board of Education. [ORS 332.075 \(2021\)](#) establishes the powers of locally elected school boards. One of the central responsibilities of locally elected school boards is to hire district superintendents, who generally are hired via contract for a specified number of years. During 2021, several local school boards terminated superintendents prior to the end of their contracts, including in the Greater Albany Public School district and in the Adrian School District.

Senate Bill 1521 establishes certain job protections for school district superintendents.
