5 **“(1) Interstate toll bridges owned by local governments provide critical links for the**
6 **transport of workers, services, tourism and emergency response between the State of**
7 **Oregon and the State of Washington, and for Oregon businesses to transport local agricul-**

1 consistent with the requirements of sections 2 to 15 of this 2022 Act, to charter and form a
2 commission. A commission formation agreement at a minimum must be approved and exe-

21 versely affect the powers of the commission under sections 2 to 15 of this 2022 Act.

22 “(3) A commission formation agreement may allow for a board to amend the provisions

30 “(c) Oversee the efficient operation, maintenance, administration, rehabilitation and re-
31 newal of a bridge; and

32 “(d) Perform other duties and exercise other powers as may be conferred upon the
33 commission by law.

35 A commission formation agreement must specify the number of voting directors and non-
36 voting directors, if any, appointed by local governments from each state and by governmental
37 entities that are not local governments, if any, and shall establish procedures for the nomi-
38 nation and appointment of the directors, which may differ by state.

39 “(2) Each nominating authority shall nominate and each appointing authority shall ap-
40 point an alternate director for each director it nominates or appoints. The alternate director
41 may act only in the absence of the director for whom the alternate is appointed.

42 “(3) Directors shall serve without compensation, but may be reimbursed for reasonable
43 expenses incurred as an incident to the performance of their duties. Directors shall serve
44 at the pleasure of the appointing authority and may be removed or suspended from office by
45 the appointing authority with or without cause. The commission formation agreement must

1 specify the initial term of office of each director to ensure that subsequent appointments by
2 appointing authorities from each state are reasonably and similarly staggered. Except for the
3 initial appointment of directors, the term of office of a director shall be four years.

4 “(4) The board shall elect two cochair from among the directors of the board. One
5 cochair must reside in the State of Oregon and the other cochair must reside in the State
6 of Washington. The cochair shall serve as first cochair and second cochair, with the first
7 cochair responsible for presiding at the commission meetings. The board shall specify which
8 cochair will serve in which position within one year from the date of formation of the com-
9 mission, after which time the two positions must alternate on an annual basis. The com-
10 mission formation agreement must establish the terms of office of the cochair and may
11 establish other requirements for the office of cochair as requested by the local governments.

12 “(5) Formal actions of the board must be taken by ordinance or resolution duly approved
13 at any regular or special meeting of the board. An action of the board is not effective unless
14 there is a quorum present and a majority of the directors present assent to the action. A
15 commission formation agreement must establish the requirements for a quorum and may
16 establish other requirements for formal actions of the board as requested by the local gov-
17 ernments.

18 “(6) Unless otherwise provided in an ordinance or resolution adopted by a board, a board
19 has the exclusive right to exercise the powers granted by sections 2 to 15 of this 2022 Act,
20 and the exercise of the powers granted to the board by sections 2 to 15 of this 2022 Act may
21 not be subject to any prior or subsequent authorization, approval or concurrence by a local
22 government or other governmental entity in the State of Oregon or the State of Washington.

23 “(7) A board must adopt rules, consistent with applicable laws under section 13 of this
24 2022 Act and a commission formation agreement, regarding the organization, activities and
25 procedures of the board and the commission, as the board may determine.

26 **“SECTION 5. Powers.** (1) In addition to any other powers granted under sections 2 to 15
27 of this 2022 Act, a commission may:

28 “(a) Construct, purchase, lease, acquire, own, operate, maintain, control, hold, sell, con-
29 vey, dispose of, finance or refinance real property, personal property, facilities, materials,

40 “(d) Receive and accept, with or without consideration, from a federal agency, a state, a
41 local government or any other public or private source, grants, contributions, loans, ad-
42 vances, credit enhancements or other contributions in money, property, labor, materials,
43 services or other things of value to accomplish the purposes of the commission;

44 “(e) Invest the commission’s monies in investments permitted for municipal corporations
45 and disburse funds for the commission’s lawful purposes;

1 “(f) Make and enter into any contract or agreement the board deems necessary or inci-
2 dental to the purposes of the commission;

3 “(g) Grant, by franchise, lease or otherwise, the use of any property or facility owned or
4 controlled by the commission and the making of payments for the use;

5 “(h) Create and abolish offices, employments or positions, and employ or contract for
6 professional and other services;

7 “(i) Establish and enforce regulations governing the use of facilities owned or controlled
8 by the commission, the services rendered by the commission and the tolls and other charges
9 issued by the commission;

10 “(j) Adopt and use a corporate seal;

11 “(k) Sue and be sued in the name of the commission;

12 “(L) Establish special funds, and controls on deposits to and disbursements from the
13 special funds, as the commission deems convenient for the implementation of sections 2 to
14 15 of this 2022 Act;

16 of sections 2 to 15 of this 2022 Act;

17 “(n) Perform other functions necessary or incidental to the purposes of the commission
18 or to the execution of the powers granted under sections 2 to 15 of this 2022 Act; and

20 “(2) A commission may not impose a tax or an assessment.

21 “SECTION 6. Organization and Administration. (1) Before construction may begin on a
22 bridge, a board must appoint or retain an executive director to perform the duties and
23 functions of the chief administrator of the commission and exercise the powers conferred
24 upon the executive director by the board or under sections 2 to 15 of this 2022 Act. The
25 executive director serves at the pleasure of the board. Subject to any rules adopted by the
26 commission, the executive director may appoint staff or retain consultants to carry out the
27 purposes and duties of the commission.

28 “(2) Before construction may begin on a bridge, the board must appoint or retain legal
29 counsel, including but not limited to bond counsel, to furnish or cause to be furnished to the
30 commission any opinions, advice and counsel requested by the commission, and to represent
31 or oversee the representation of the commission in legal matters or hearings, as directed
32 by the commission.

33 “(3) The commission may employ such engineering, technical, legal, administrative, op-
34 erating or other personnel, officers or agents on a regular, part-time or consulting basis as
35 the commission deems necessary or beneficial to the performance of the commission’s du-
36 ties. The commission may fix and provide for the qualification, appointment, removal, term,
37 tenure, compensation, pension and retirement rights of the commission’s officers and em-
38 ployees. Employees of the commission are afforded the labor rights and protections afforded
39 to public employees under the laws of the state within which the primary place of business
40 of the commission is situated.

41 “(4) All privileges and immunities from liability, laws and benefits that apply to directors,
42 officers, agents or employees of a municipal corporation under the applicable laws described
43 in section 13 of this 2022 Act apply to the directors, officers, agents and employees of the
44 commission.

45 “(5) The commission may purchase insurance or self-insure to protect and hold per-

1 sonally harmless any of the directors, officers, employees or agents of the commission from
2 any action, claim or proceeding arising out of the performance, purported performance or
3 failure of performance in good faith of duties for or employment with the commission of the
4 directors, officers, employees and agents, and to hold the directors, officers, employees and
5 agents harmless from any expenses connected with the defense, settlement or monetary
6 judgments arising from the actions, claims or proceedings.

7 “(6) The commission may purchase insurance or self-insure against loss or damage to
8 any of the commission’s properties or facilities, damage to persons or property, loss of re-
9 venues or other coverages, as the board may elect to accomplish the purposes of the com-
10 mission. The board may determine the form and amount of the insurance coverage, provided
11 that the insurance amount satisfies the requirements of any agreement arising from the is-
12 suance of bonds or other obligations by the commission. The board may enter into inter-
13 governmental agreements with a state, a local government or a combination of states and
14 local governments, to acquire or maintain insurance.

15 “(7) Upon request by the State of Oregon, the State of Washington or a local government,
16 the commission shall furnish information related to the commission’s affairs to the re-
17 quester. The commission shall prepare an annual report summarizing the major activities
18 and expenditures of the commission for the fiscal year and forecasting the major activities
19 and expenditures of the commission for the following year. The commission shall furnish a
20 copy of the annual report, together with any additional information the commission deems
21 appropriate, to the local governments and other interested parties.

22 “(8) Except as provided in subsection (9) of this section, a board shall prepare and adopt
23 an annual or a biennial budget and make appropriations consistent with this subsection. In
24 no case can the adopted budget expenditure allowances exceed total estimated revenues un-
25 less accompanied by proposed legislation to obtain an equivalent amount of additional re-
26 venue. The board may adopt, and subsequently amend, a rule establishing requirements and
27 processes for adopting a budget. The board shall:

28 “(a) Establish a budget committee;

29 “(b) Publish a public notice for each meeting of the budget committee;

30 “(c) Publish a public notice and hold a public hearing on the proposed budget before
31 adopting a budget;

32 “(d) Adopt the budget, as amended or revised by the board, before the start of the budget
33 period;

35 budget period, as the board deems appropriate; and

36 “(f) Transmit to local governments a copy of the final budget and any amended or sup-
37plementary budgets adopted by the board.

38 “(9) Notwithstanding subsection (8) of this section, a commission is not required to adopt
39 a budget for any year in which the commission does not have revenue and all revenues and
40 expenditures for a bridge replacement project derive from and are authorized by a budget
41 of one or more local governments.

42 **SECTION 7. Real Property.** (1) A commission may finance, refinance, acquire or other-
43 wise assume control of, by purchase, lease, donation or other means, real property or per-
44 sonal property, structures, property rights, franchises, easements or other property
45 interests, whether situated within the State of Oregon or the State of Washington, as the

1 board deems necessary or incidental to the purposes of the commission.

2 “(2) The commission may exercise the power of eminent domain to acquire by condem-
3 nation any property, structures, property rights, franchises, easements or other property
4 interests situated within the State of Oregon or the State of Washington as the board deems
5 necessary or incidental to the purposes of the commission, subject to the applicable laws
6 described in section 13 (3) of this 2022 Act. Property owned or held by a state or a local
7 government may not be taken by the commission without the prior consent of the state or
8 local government.

9 “SECTION 8. Revenues. (1) A board shall have the exclusive power to impose, fix and
10 periodically adjust the rate of tolls or other charges for use of a bridge owned or operated
11 by the commission without approval, authorization or concurrence by a state legislature,
12 state toll authority, local government, state agency, state official or other entity. The board
13 may establish and implement rules for specifying the rate of tolls and other charges, in-
14 cluding but not limited to discounts, exemptions and distinct rates for certain classes of ve-
15 hicle and user. Nothing in ORS 383.001 to 383.245 prohibits a commission from establishing
16 or setting a toll or other charge for use of a bridge owned or operated by the commission.

17 “(2) In setting and periodically adjusting toll rates or other charges, a board shall ensure
18 that toll rates and other charges annually yield revenue sufficient to meet the costs, ex-
19 penses and obligations of the commission, including the satisfaction of the financial and
20 other covenants made by the commission with regard to bonds or other debt instruments.

21 “(3) To enforce the payment of tolls and other charges for use of a bridge, the commis-
22 sion may enter into agreements with the Department of Transportation and an agency of the
23 State of Washington. An agreement may provide that:

24 “(a) The department or agency shall provide information to the commission or the
25 commission’s designee to identify registered owners of vehicles who fail to pay a toll or other
26 charge established by the commission under this section.

27 “(b) If a commission, or a commission’s designee, gives notice to the department or
28 agency that a person has not paid a toll or other charge established under this section, the
29 department or agency shall refuse to renew the motor vehicle registration of the motor ve-
30 hicle operated by the person at the time of the violation.

31 “(c) The department or agency may renew a motor vehicle registration of a person de-
32 scribed in paragraph (b) of this subsection upon receipt of a notice from a commission, or a
33 commission’s designee, indicating that all tolls and other charges established under this
34 section and owed by the person have been paid.

35 “(4) A transponder record or recorded image of a vehicle and the registration plate of the
36 vehicle produced by a photo enforcement system at the time a driver of a vehicle did not pay
37 a toll is prima facie evidence that the registered owner of the vehicle is the driver of the
38 vehicle, provided that, if the registered owner of a vehicle is a person in the vehicle rental
39 or leasing business, the registered owner may identify the person who was operating the
40 vehicle at the time the toll was not paid or pay the toll and other charges. A registered
41 owner of a vehicle who pays a toll or other charge imposed while another person was oper-
42 ating the vehicle of the registered owner is entitled to full reimbursement from the operator.
43 The rights granted to the commission to enforce the payment of tolls and other charges of
44 the commission under sections 2 to 15 of this 2022 Act are supplemental, and the commission
45 may employ all other remedies available to the commission under the laws of the State of

1 Oregon and the State of Washington.

2 “(5) The proceeds from toll rates and other charges of the commission may only be used
3 to pay the necessary and incidental costs and expenses incurred by the commission in con-
4 nection with owning, constructing, operating, maintaining, renewing and governing a bridge,
5 including but not limited to costs incurred for:

6 “(a) The design, development, construction, equipping, installation, financing or refi-
7 nancing of the bridge, demolition and removal of the existing bridge and mitigation of asso-
8 ciated impacts;

9 “(b) The operation, repair, maintenance, resurfacing, preservation, equipping, improve-
10 ment, reconstruction, renewal and replacement of the bridge;

11 “(c) The tolling of the bridge, the collection, administration and enforcement of tolls and
12 the acquisition, leasing, maintenance and replacement of tolling equipment and software;

13 “(d) The financing or refinancing of any bonds or other debt instruments of the com-
14 mission;

15 “(e) A reasonable return on investment for the private financing of the costs, expenses
16 or obligations of the commission;

17 “(f) The establishment and maintenance of reserves or sinking funds approved by the
18 board; and

19 “(g) Any other obligations or expenses incurred by the commission in carrying out the
20 commission’s purposes under sections 2 to 15 of this 2022 Act.

21 “(6) The commission may grant to a public or private entity by franchise, lease or in
22 another manner the use or control of all or part of a bridge, property or facility owned or
23 under the control of the commission, and may fix the terms, conditions, rents and other
24 payments for the use or control.

25 “(7) For the purpose of funding a bridge under sections 2 to 15 of this 2022 Act, the ap-
26 proaches, connecting roads, related facilities and appurtenances on both sides of the
27 Columbia River are designated as part of the highway system of Oregon. All revenues, re-
28 cepts, grants, bond proceeds and other funds of the commission may be commingled and
29 spent to carry out the purposes of the commission, unless and to the extent otherwise re-
30 stricted by the terms of a grant agreement or debt instrument.

31 **“SECTION 9. Bridge Design and Construction. (1) The commission shall:**

32 “(a) Design and construct a bridge to standards and specifications satisfactory to the
33 departments of transportation;

34 “(b) Comply with all applicable permits, clearances and mitigation requirements; and

35 “(c) Arrange for timely review by the departments of transportation of all pertinent en-
36 gineering plans, specifications and related reports.

37 “(2) The commission may undertake construction activities that have necessary permits
38 and for which funding is available, provided that before issuing a notice to proceed with the
39 construction of a bridge foundation, the commission shall:

40 “(a) Prepare and adopt an initial bridge finance plan to fund the design, construction,
41 operation, maintenance, administration and governance of the bridge. Before adopting the
42 initial bridge finance plan, a board shall require a feasibility review of the initial bridge fi-
43 nance plan and shall submit the feasibility review to the departments of transportation and
44 the local governments that are parties to the commission formation agreement, for their
45 review. Following receipt of feedback from the departments of transportation and local gov-

1 ernments, the board may adopt the initial bridge finance plan. After the initial bridge finance
2 plan is adopted, the board may periodically adjust or amend the initial bridge finance plan;
3 and

4 “(b) Make and enter into a written agreement with the owner of an existing bridge, under
5 terms and conditions that are mutually agreeable, regarding the removal and disposition of
6 the existing bridge. The agreement must address:

7 “(A) The roles, responsibilities and obligations of the parties regarding the removal and
8 disposal of the existing bridge, including the liabilities or potential liabilities incident thereto;

9 “(B) The retirement of the outstanding debt for which toll revenue from the existing
10 bridge is pledged;

11 “(C) The distribution of proceeds from the salvage value of the existing bridge;

12 “(D) The disposition of the property, equipment or other assets incidental to the existing
13 bridge;

14 “(E) Mitigation of impacts to existing bridge operations; and

15 “(F) Any other matters to which the commission and owner of the existing bridge agree.

16 “(3) For purposes of the acquisition, design, construction, installation, operation or
17 maintenance of the bridge, or any combination thereof, the commission, without the prior
18 or subsequent authorization, approval or concurrence by the State of Oregon, the State of
19 Washington, a local government or other governmental entity of either state, may enter into
20 any combination of contracts, agreements or other arrangements with one or more private
21 entities or units of government, or any combination thereof, as the commission may elect,
22 including, but not limited to, any alternative or supplemental public works contract such as
23 design-build and construction manager-general contractor contracts, public-private partner-
24 ship agreement, lease agreement, franchise agreement or financing agreement, and may in-
25 clude any terms and conditions permitted under the Oregon Constitution and the
26 Washington State Constitution and to which the parties agree.

27 “(4) As part of the construction of a bridge, a commission shall demolish, remove and
28 dispose of an existing bridge in accordance with applicable environmental permits and the
29 terms of an agreement between the commission and owner of the existing bridge. Unless
30 otherwise agreed to by the owner of the existing bridge, the proceeds from the sale of sal-
31 vaged materials from the existing bridge are owing to the owner.

32 “**SECTION 10. Bridge Operations.** (1) A board shall have the exclusive power to adopt and
33 enforce the rules and regulations for the use, operation, maintenance, inspection and pres-
34 ervation of a bridge owned or operated by the commission, including loads permitted on the
35 bridge and closing the bridge to any traffic deemed unsafe by the commission, provided that
36 the commission must comply with all state and federal regulations generally applicable to
37 bridge operations, maintenance, safety and inspections.

38 “(2) A facility or property owned, leased, operated or controlled by the commission may
39 be operated by the commission directly or by a public or private entity pursuant to a con-

42 payment by the commission to the contractor for services rendered, a payment by the con-
43 tractor to the commission for the rights to operate the facility or property or other such
44 arrangements as the board may elect.

45 “(4) A state agency or local government may pledge revenue or other assistance to sup-

1 port or guaranty, in whole or in part, the repayment of debt, costs of operations or capital-
2 ization of reserves of the commission under such terms as the parties may agree, and the
3 commission may accept the assistance.

4 **“SECTION 11. Financing.** (1) A board, for any lawful purpose of the commission, without
5 the necessity of any assent by electors, local governments or any other governmental entity,
