20 published by the State Forestry Department on February 7, 2022, and the resources on which
21 the species relies; or

28 ble future forest practices regardless of what governmental agency or person undertakes such other
29 actions.

9 by rule of the board that represents adequate utilization of the productivity of the site.

10 [(9)] (10) "Harvest type 2" means an operation that requires wildlife leave trees but does not
11 require reforestation. A harvest type 2 does not require reforestation because it has an adequate
12 combined stocking of free to grow seedlings, saplings, poles and larger trees, but leaves:

13 (a) On Cubic Foot Site Class I, II or III, fewer than 50 11-inch DBH trees or less than an
14 equivalent basal area in larger trees, per acre;

15 (b) On Cubic Foot Site Class IV or V, fewer than 30 11-inch DBH trees or less than an equiv-
16 alent basal area in larger trees, per acre; or

18 basal area in larger trees, per acre.

19 [(10)] (11) "Harvest type 3" means an operation that requires reforestation and requires wildlife

21 ORS 527.740 and 527.750.

22 [(11)] (12) "Landowner" means any individual, combination of individuals, partnership, corpo-

28 land used solely for the production of Christmas trees.

29 (b) The establishment, management or harvest of hardwood timber, including but not limited to
30 hybrid cottonwood, that is:

32 of competing vegetation for at least three years after tree planting;

33 (B) Of a species marketable as fiber for inclusion in the furnish for manufacturing paper pro-
34 ducts;

35 (C) Harvested on a rotation cycle that is 12 or fewer years after planting; and

36 (D) Subject to intensive agricultural practices such as fertilization, cultivation, irrigation, insect
37 control and disease control.

45 practices on the environment or fish and wildlife resources, such as trees that are established or

1 managed for windbreaks, riparian filters or shade strips immediately adjacent to actively farmed
2 lands.

3 (g) The development of an approved land use change after timber harvest activities have been
4 completed and land use conversion activities have commenced.

5 [(13)] (14) "Operator" means any person, including a landowner or timber owner, who conducts
6 an operation.

8 (A) Violation of ORS 527.670 (6) by engaging in an operation without filing the requisite
9 notification;

10 (B) Continued operation in contravention of an order issued by the State Forester under
11 ORS 527.680 (2)(a), (3) or (5); or

13 which restoration is expected to take more than 10 years.

14 (b) "Significant violation" does not include:

15 (A) Unintentional operation in an area outside an operating area of an operation for

26 those of public corporations whose stock is traded on the open market), partners, business trustees
27 or officers, or otherwise have an interest in or are associated with each property.

28 [(15)] (17) "State Forester" means the State Forester or the duly authorized representative of
29 the State Forester.

30 [(16)] (18) "Suitable hardwood seedlings" means any hardwood seedling that will eventually yield
31 logs or fiber, or both, sufficient in size and quality for the production of lumber, plywood, pulp or
32 other forest products.

33 [(17)] (19) "Timber owner" means any individual, combination of individuals, partnership, cor-

43 **SECTION 41.** ORS 527.630 is amended to read:

44 527.630. (1) Forests make a vital contribution to Oregon by providing jobs, products, tax base
45 and other social and economic benefits, by helping to maintain forest tree species, soil, air and water

1 resources and by providing a habitat for wildlife and aquatic life. Therefore, it is declared to be the
2 public policy of the State of Oregon to encourage economically efficient forest practices that ensure
3 the continuous growing and harvesting of forest tree species and the maintenance of forestland for
4 such purposes as the leading use on privately owned land, consistent with sound management of soil,
5 air, water, fish and wildlife resources and scenic resources within visually sensitive corridors as
6 provided in ORS 527.755 and to ensure the continuous benefits of those resources for future gener-
7 ations of Oregonians.

8 (2) It is recognized that operations on forestland are already subject to other laws and to reg-
9 ulations of other agencies which deal primarily with consequences of such operations rather than
10 the manner in which operations are conducted. It is further recognized that it is essential to avoid
11 uncertainty and confusion in enforcement and implementation of such laws and regulations and in
12 planning and carrying out operations on forestlands.

13 (3) To encourage forest practices implementing the policy of ORS 527.610 to 527.770, [and]
14 527.990 and 527.992, it is declared to be in the public interest to vest in the State Board of Forestry
15 exclusive authority to develop and enforce statewide and regional rules pursuant to ORS 527.710 and
16 to coordinate with other state agencies and local governments which are concerned with the forest
17 environment.

18 (4) **It is recognized that ensuring compliance with, and enforcing, ORS 527.610 to 527.770**
19 **and rules and orders adopted or issued thereunder is essential to protect Oregon's natural**
20 **resources. It is further recognized that onsite inspections are necessary to further the policy**
21 **of ORS 527.610 to 527.770, 527.990 and 527.992.**

22 (5) **It is recognized that enforcement of the policy of ORS 527.610 to 527.770, 527.990 and**
23 **527.992 is necessary to support the integrity of the policy and give the public confidence that**
24 **standards for forest practices are being followed. It is further recognized that an effective**
25 **enforcement program must include:**

26 (a) **Adequate training and education of enforcement officers, operators, timber owners**
27 **and landowners.**

28 (b) **Clear technical guidance.**

29 (c) **Implementation expectations that are transparent and easily understood by operators,**
30 **timber owners and landowners.**

31 (6) **It is declared to be the policy of the State of Oregon that the program for imple-**
32 **menting enforcement under ORS 527.680, 527.683, 527.685, 527.690 and 527.700 be adequately**
33 **funded, and that the board:**

34 (a) **Use inspections and enforcement as tools to deter future violations and to educate**
35 **and train operators, timber owners and landowners.**

36 (b) **In exercising enforcement discretion, including discretion to impose penalties, prior-**
37 **itize addressing significant violations, other consequential violations and the actions of re-**
38 **peat violators.**

39 [(4)] (7) The board may adopt and enforce rules addressing scenic considerations only in ac-
40 cordance with ORS 527.755.

41 [(5)] (8) The board shall adopt and enforce forest practice rules to reduce the risk of serious
42 bodily injury or death from a rapidly moving landslide only in accordance with ORS 527.710 (10).
43 As used in this subsection, "rapidly moving landslide" has the meaning given in ORS 195.250.

44 [(6)] (9) The State of Oregon should provide a stable regulatory environment to encourage in-
45 vestment in private forestlands.

1 **SECTION 42.** Sections 43 and 44 of this 2022 Act are added to and made a part of ORS
2 527.610 to 527.770.

3 **SECTION 43.** (1) The State Forester, or a representative of the State Forester, shall
4 conduct a program of inspections of forestland within the operating areas of operations for
5 which notifications are filed pursuant to ORS 527.670 (6), at regular intervals, to assess
6 compliance with ORS 527.610 to 527.770 and rules and orders adopted or issued thereunder.

7 (2) The inspection may occur:

8 (a) On or after the date on which notification is filed pursuant to ORS 527.670 (6), but
9 not more than three years after the date on which the State Forester learns that the oper-
10 ation has been completed.

11 (b) Only at a reasonable time, absent consent or a warrant.

12 (3) The person conducting the inspection shall:

13 (a) Advise the operator, timber owner or landowner that the inspection is being made
14 pursuant to the law and is limited in scope to the operation subject to the relevant notifi-
15 cation.

16 (b) Ensure that the inspection is tailored to assessing compliance with ORS 527.610 to
17 527.770 and rules and orders adopted or issued thereunder.

18 (4) The State Forester may petition the circuit court of this state having jurisdiction over
19 the forestland for a warrant authorizing the State Forester or a representative of the State
20 Forester to inspect the forestland.

21 (5) The court may issue a warrant if:

22 (a) The State Forester or a representative of the State Forester has attempted inspection
23 consistent with subsections (1) to (3) of this section and access to all or part of the
24 forestland was actually or constructively denied; or

25 (b) The State Forester has reasonable cause to believe that a violation of ORS 527.610 to
26 527.770 or a rule or order adopted or issued thereunder has occurred.

27 **SECTION 44.** (1) As used in this section, “photogrammetric mapping” has the meaning
28 given that term in ORS 672.002.

29 (2) To aid in monitoring compliance with ORS 527.610 to 527.770 and rules adopted
30 thereunder, the State Board of Forestry shall adopt rules that:

31 (a) Require persons that file notifications pursuant to ORS 527.670 (6) to inform the State
32 Forester when the operations are complete, within a reasonable time after completion;

33 (b) Authorize the State Forester to use a program of photogrammetric mapping to de-
34 termine whether operations for which notifications have been filed pursuant to ORS 527.670
35 (6) have been completed; or

36 (c) Otherwise establish a program for determining when operations for which notifica-
37 tions have been filed pursuant to ORS 527.670 (6) have been completed.

38 (3) Rules described in subsection (2)(b) or (c) of this section must limit the discretion of
39 the person conducting the compliance monitoring.

40 **SECTION 45.** ORS 527.680 is amended to read:

41 527.680. (1) Whenever the State Forester determines that an operator has committed a violation
42 under ORS 527.990 (1), the State Forester may issue and serve a citation upon the operator or au-
43 thorized representative. The State Forester shall cause a copy of the citation to be mailed or de-
44 livered to the timber owner and landowner. Whenever the State Forester determines that the
45 landowner has failed to comply with the reforestation rules under ORS 527.710, the State Forester

1 may issue and serve a citation upon the landowner or authorized representative. Each citation is-
 2 sued under this section shall specify the nature of the violation charged and any damage or unsat-
 3 isfactory condition that has occurred as the result of such violation.

4 (2) Whenever a citation is served pursuant to subsection (1) of this section, the State Forester:

5 (a) Shall issue and serve upon the landowner or operator or authorized representative an order
 6 directing that the landowner or operator cease further violation. If the order is served upon an op-
 7 erator, the State Forester shall cause a copy of such order to be mailed or delivered to the timber
 8 owner and landowner; and

9 (b) May issue and serve an order upon the landowner or operator and shall cause a copy of such
 10 order to be mailed or delivered to the timber owner and landowner, directing the landowner or op-
 11 erator, where practical and economically feasible, to make reasonable efforts to repair the damage
 12 or correct the unsatisfactory condition specified in the citation within a period specified by the
 13 State Forester.

14 (3) In the event the order issued under subsection (2)(a) of this section has not been complied
 15 with, and the violation specified in such order is resulting in continuing damage, the State Forester
 16 by temporary order[,] may direct the landowner or operator to cease any further activity in that
 17 portion of the operation that is resulting in such damage. Such temporary order shall be in effect
 18 until the date of the expiration of the period as prescribed in subsection (4) of this section or until
 19 the date that the violation ceases, whichever date occurs first.

20 (4) A temporary order issued under subsection (3) of this section shall be served upon the
 21 landowner or operator or authorized representative, and the State Forester shall cause a copy of
 22 such temporary order to be mailed or delivered to the operator, timber owner and landowner. If
 23 requested by the operator, timber owner or landowner, the State Board of Forestry, following the
 24 appeal procedures of ORS 527.700, must hold a hearing on the temporary order within five working
 25 days after the receipt by the board of the request. A temporary order issued and served pursuant
 26 to subsection (3) of this section shall remain in effect not more than five working days after such
 27 hearing unless the order is sooner affirmed, modified or revoked by the board.

28 (5) If a landowner or operator fails to comply with a final order issued under subsection (2)(b)
 29 of this section within the time specified in the order, or if the landowner or operator fails to comply
 30 with a final order imposing civil penalties for violation of any provision of the Oregon Forest
 31 Practices Act, the State Forester may issue an order that prohibits the affected landowner or oper-
 32 ator from conducting any new operations on any forestland in this state until the landowner or op-
 33 erator has complied with the order to correct an unsatisfactory condition, make repair or pay the
 34 civil penalty, as the case may be, to the satisfaction of the State Forester.

35 **(6) The State Forester may require an operator, timber owner or landowner to provide**
 36 **financial assurance before conducting a new operation if the State Forester has, within the**
 37 **preceding three-year period, made a finding under ORS 527.685 (6) applicable to the operator,**
 38 **timber owner or landowner.**

39 **SECTION 46.** ORS 527.685 is amended to read:

40 527.685. (1) The State Board of Forestry shall by rule establish the amount of civil penalty that
 41 may be imposed for a particular violation. Except as provided in [subsection (5)] **subsections (5) and**
 42 **(6)** of this section, [no] a civil penalty [shall] **may not** exceed [\$5,000] **\$10,000** per violation.

43 (2) In imposing a penalty authorized by this section, the State Forester may consider the fol-
 44 lowing factors:

45 (a) The past history of the person incurring a penalty in taking all feasible steps or procedures

1 necessary or appropriate to correct any violation.

2 (b) Any prior violations of statutes, rules, orders and permits pertaining to the Oregon Forest
3 Practices Act.

4 (c) The gravity and magnitude of the violation.

5 (d) Whether the violation was repeated or continuous.

6 (e) Whether the cause of the violation was an unavoidable accident, negligence or an intentional
7 act.

8 (f) The size and type of ownership of the operation.

9 (g) Any relevant rule of the board.

10 (h) The [violator's] cooperativeness **of the person incurring the penalty and the person's ef-**
11 **forts, if any,** to correct the violation.

12 (3) The penalty imposed under this section may be remitted or mitigated upon such terms and
13 conditions as the board determines to be proper and consistent with the public benefit. Upon the
14 request of the person incurring the penalty, the board shall consider evidence of the economic and
15 financial condition of the person in determining whether a penalty shall be remitted or mitigated.

16 (4) The board, by rule, may delegate to the State Forester, upon such conditions as deemed
17 necessary, all or part of the authority of the board provided in subsection (3) of this section to as-
18 sess, remit or mitigate civil penalties.

19 (5) For a violation of ORS 527.745, or rules for reforestation adopted pursuant to ORS 527.745,
20 the State Forester may impose a civil penalty in an amount equal to the estimated cost of reforest-
21 ing lands pursuant to ORS 527.690.

22 **(6) If the State Forester makes a finding that an operator, timber owner or landowner**
23 **has a history of significant violations that shows a pattern of willful disregard for the re-**
24 **quirements of ORS 527.610 to 527.770 or rules or orders adopted or issued thereunder, the**
25 **State Forester may impose a civil penalty in an amount not to exceed \$50,000 per significant**
26 **violation. In imposing the penalty, the State Forester shall consider, in addition to the fac-**
27 **tors described in subsection (2) of this section:**

28 (a) **The degree, if any, to which the operator, timber owner or landowner derived eco-**
29 **nomical benefit from the significant violation.**

30 (b) **The proportion of total operations conducted by the operator, timber owner or land-**
31 **owner related to which significant violations have occurred compared to the total number**
32 **of operations conducted by the operator, timber owner or landowner, while accounting for**
33 **the organizational structure of the operator, timber owner or landowner.**

34 **SECTION 47.** ORS 527.714 is amended to read:

35 527.714. (1) The rulemaking authority of the State Board of Forestry under ORS 527.610 to
36 527.770 consists generally of the following three types of rules:

37 (a) Rules adopted to implement administration, procedures or enforcement of ORS 527.610 to
38 527.770 that support but do not directly regulate standards of forest practices.

39 (b) Rules adopted to provide definitions or procedures for forest practices where the standards
40 are set in statute.

41 (c) Rules adopted to implement the provisions of ORS 527.710 (2), (3), (6), (8), (9) and (10) that
42 grant broad discretion to the board and that set standards for forest practices not specifically ad-
43 dressed in statute.

44 (2) When considering the adoption of a rule, and prior to the notice required pursuant to ORS
45 183.335, the board shall determine which type of rule described in subsection (1) of this section is

1 being considered.

2 (3) If the board determines that a proposed rule is of the type described in subsection (1)(a) or
3 (b) of this section, or if the proposed rule is designed only to clarify the meaning of rules already
4 adopted or to make minor adjustments to rules already adopted that are of the type described in
5 subsection (1)(c) of this section, rulemaking may proceed in accordance with ORS 183.325 to 183.410
6 and is not subject to the provisions of this section.

7 (4) If the board determines that a proposed rule is of the type described in subsection (1)(c) of
8 this section, and the proposed rule would change the standards for forest practices, the board shall
9 describe in its rule the purpose of the rule and the level of protection that is desired. **If the pro-**
10 **posed rule would change the standards for forest practices that relate to the protection of**
11 **aquatic resources, the level of protection that is desired must be consistent with:**

12 (a) **Requirements described in the Private Forest Accord Report dated February 2, 2022,**
13 **and published by the State Forestry Department on February 7, 2022; or**

14 (b) **If a habitat conservation plan consistent with the Private Forest Accord Report has**
15 **been approved, the terms of the habitat conservation plan.**

16 (5) If the board determines that a proposed rule is of the type described in subsection (1)(c) of
17 this section, including a proposed amendment to an existing rule not qualifying under subsection (3)
18 of this section, and the proposed rule would provide new or increased standards for forest practices,
19 the board may adopt such a rule only after determining that the following facts exist and standards
20 are met:

21 (a)(A) If forest practices continue to be conducted under existing regulations[.];

22 (i) There is monitoring or research evidence that documents that degradation of resources
23 maintained under ORS 527.710 (2) or (3) is likely[.]; or

24 (ii) In the case of rules proposed under ORS 527.710 (10), that there is a substantial risk of se-
25 rious bodily injury or death; **or**

26 **(B) The board has received reports produced by the Adaptive Management Program**
27 **Committee and the Independent Research and Science Team described in sections 36 and 38**
28 **of this 2022 Act that review the new or increased standards the proposed rule would provide;**

29 (b) If the resource to be protected is a wildlife species, the scientific or biological status of a
30 species or resource site to be protected by the proposed rule has been documented using best
31 available information;

32 (c) The proposed rule reflects available scientific information[,] **and, as appropriate,** the results
33 of relevant monitoring and[, *as appropriate,*] adequate field evaluation at representative locations in
34 Oregon;

35 (d) The objectives of the proposed rule are clearly defined, and the restrictions placed on forest
36 practices as a result of adoption of the proposed rule:

37 (A)(i) Are to prevent harm or provide benefits to the resource or resource site for which pro-
38 tection is sought[.]; or

39 (ii) In the case of rules proposed under ORS 527.710 (10), **are** to reduce risk of serious bodily
40 injury or death; and

41 (B) Are directly related to the objective of the proposed rule and [*substantially*] **materially** ad-
42 vance its purpose; **and**

43 (e) The availability, effectiveness and feasibility of alternatives to the proposed rule, including
44 nonregulatory alternatives, were considered, and the alternative chosen is the least burdensome to
45 landowners and timber owners, in the aggregate, while still achieving the desired level of

1 protection[; and].

2 [(f) *The benefits to the resource, or in the case of rules proposed under ORS 527.710 (10), the*
 3 *benefits in reduction of risk of serious bodily injury or death, that would be achieved by adopting the*
 4 *rule are in proportion to the degree that existing practices of the landowners and timber owners, in the*
 5 *aggregate, are contributing to the overall resource concern that the proposed rule is intended to ad-*
 6 *dress.*]

7 (6) Nothing in subsection (5) of this section:

8 (a) Requires the board to call witnesses;

9 (b) Requires the board to allow cross-examination of witnesses;

10 (c) Restricts ex parte communications with the board or requires the board to place statements
 11 of such communications on the record;

12 (d) Requires verbatim transcripts of records of proceedings; or

13 (e) Requires depositions, discovery or subpoenas.

14 **(7) If the board determines that a proposed rule is of the type described in subsection**
 15 **(1)(c) of this section, including a proposed amendment to an existing rule not qualifying un-**
 16 **der subsection (3) of this section, and that the proposed rule relates to aquatic resources,**
 17 **the board may adopt the rule only after considering reports from the Adaptive Management**
 18 **Program Committee and the Independent Research and Science Team.**

19 [(7)] **(8)** If the board determines that a proposed rule is of the type described in subsection (1)(c)
 20 of this section, and the proposed rule would require new or increased standards for forest practices,
 21 as part of or in addition to the economic and fiscal impact statement required by ORS 183.335

26 **SECTION 69.** ORS 527.630, as amended by section 41 of this 2022 Act, is amended to read:

27 527.630. (1) Forests make a vital contribution to Oregon by providing jobs, products, tax base
28 and other social and economic benefits, by helping to maintain forest tree species, soil, air and water
29 resources and by providing a habitat for wildlife and aquatic life. Therefore, it is declared to be the
30 public policy of the State of Oregon to encourage economically efficient forest practices that ensure
31 the continuous growing and harvesting of forest tree species and the maintenance of forestland for
32 such purposes as the leading use on privately owned land, consistent with sound management of soil,
33 air, water, fish and wildlife resources and scenic resources within visually sensitive corridors as
34 provided in ORS 527.755 and to ensure the continuous benefits of those resources for future gener-
35 ations of Oregonians.

36 (2) It is recognized that operations on forestland are already subject to other laws and to reg-
37 ulations of other agencies which deal primarily with consequences of such operations rather than
38 the manner in which operations are conducted. It is further recognized that it is essential to avoid
39 uncertainty and confusion in enforcement and implementation of such laws and regulations and in
40 planning and carrying out operations on forestlands.

41 (3) To encourage forest practices implementing the policy of ORS 527.610 to 527.770, 527.990 and
42 527.992, it is declared to be in the public interest to vest in the State Board of Forestry exclusive
43 authority to develop and enforce statewide and regional rules pursuant to ORS 527.710 and to co-
44 ordinate with other state agencies and local governments which are concerned with the forest en-
45 vironment.

1 [(4) *It is recognized that ensuring compliance with, and enforcing, ORS 527.610 to 527.770 and*
2 *rules and orders adopted or issued thereunder is essential to protect Oregon’s natural resources. It is*
3 *further recognized that onsite inspections are necessary to further the policy of ORS 527.610 to 527.770,*
4 *527.990 and 527.992.*]

5 [(5) *It is recognized that enforcement of the policy of ORS 527.610 to 527.770, 527.990 and 527.992*
6 *is necessary to support the integrity of the policy and give the public confidence that standards for*
7 *forest practices are being followed. It is further recognized that an effective enforcement program must*
8 *include:*]

9 [(a) *Adequate training and education of enforcement officers, operators, timber owners and land-*
10 *owners.*]

11 [(b) *Clear technical guidance.*]

12 [(c) *Implementation expectations that are transparent and easily understood by operators, timber*
13 *owners and landowners.*]

14 [(6) *It is declared to be the policy of the State of Oregon that the program for implementing*
15 *enforcement under ORS 527.680, 527.683, 527.685, 527.690 and 527.700 be adequately funded, and that*
16 *the board:*]

17 [(a) *Use inspections and enforcement as tools to deter future violations and to educate and train*
18 *operators, timber owners and landowners.*]

19 [(b) *In exercising enforcement discretion, including discretion to impose penalties, prioritize ad-*
20 *dressing significant violations, other consequential violations and the actions of repeat violators.*]

21 [(7)] (4) The board may adopt and enforce rules addressing scenic considerations only in ac-
22 cordance with ORS 527.755.

23 [(8)] (5) The board shall adopt and enforce forest practice rules to reduce the risk of serious
24 bodily injury or death from a rapidly moving landslide only in accordance with ORS 527.710 (10).
25 As used in this subsection, “rapidly moving landslide” has the meaning given in ORS 195.250.

26 [(9)] (6) The State of Oregon should provide a stable regulatory environment to encourage in-
27 vestment in private forestlands.

28 **SECTION 70.** ORS 527.680, as amended by section 45 of this 2022 Act, is amended to read:

29 527.680. (1) Whenever the State Forester determines that an operator has committed a violation
30 under ORS 527.990 (1), the State Forester may issue and serve a citation upon the operator or au-
31 thorized representative. The State Forester shall cause a copy of the citation to be mailed or de-
32 livered to the timber owner and landowner. Whenever the State Forester determines that the
33 landowner has failed to comply with the reforestation rules under ORS 527.710, the State Forester
34 may issue and serve a citation upon the landowner or authorized representative. Each citation is-
35 sued under this section shall specify the nature of the violation charged and any damage or unsat-
36 isfactory condition that has occurred as the result of such violation.

37 (2) Whenever a citation is served pursuant to subsection (1) of this section, the State Forester:

38 (a) Shall issue and serve upon the landowner or operator or authorized representative an order
39 directing that the landowner or operator cease further violation. If the order is served upon an op-
40 erator, the State Forester shall cause a copy of such order to be mailed or delivered to the timber
41 owner and landowner; and

42 (b) May issue and serve an order upon the landowner or operator and shall cause a copy of such
43 order to be mailed or delivered to the timber owner and landowner, directing the landowner or op-
44 erator, where practical and economically feasible, to make reasonable efforts to repair the damage
45 or correct the unsatisfactory condition specified in the citation within a period specified by the

1 State Forester.

2 (3) In the event the order issued under subsection (2)(a) of this section has not been complied
3 with, and the violation specified in such order is resulting in continuing damage, the State Forester
4 by temporary order may direct the landowner or operator to cease any further activity in that
5 portion of the operation that is resulting in such damage. Such temporary order shall be in effect
6 until the date of the expiration of the period as prescribed in subsection (4) of this section or until
7 the date that the violation ceases, whichever date occurs first.

8 (4) A temporary order issued under subsection (3) of this section shall be served upon the
9 landowner or operator or authorized representative, and the State Forester shall cause a copy of
10 such temporary order to be mailed or delivered to the operator, timber owner and landowner. If
11 requested by the operator, timber owner or landowner, the State Board of Forestry, following the
12 appeal procedures of ORS 527.700, must hold a hearing on the temporary order within five working
13 days after the receipt by the board of the request. A temporary order issued and served pursuant
14 to subsection (3) of this section shall remain in effect not more than five working days after such
15 hearing unless the order is sooner affirmed, modified or revoked by the board.

16 (5) If a landowner or operator fails to comply with a final order issued under subsection (2)(b)
17 of this section within the time specified in the order, or if the landowner or operator fails to comply
18 with a final order imposing civil penalties for violation of any provision of the Oregon Forest
19 Practices Act, the State Forester may issue an order that prohibits the affected landowner or oper-
20 ator from conducting any new operations on any forestland in this state until the landowner or op-
21 erator has complied with the order to correct an unsatisfactory condition, make repair or pay the
22 civil penalty, as the case may be, to the satisfaction of the State Forester.

23 *[(6) The State Forester may require an operator, timber owner or landowner to provide financial*
24 *assurance before conducting a new operation if the State Forester has, within the preceding three-year*
25 *period, made a finding under ORS 527.685 (6) applicable to the operator, timber owner or*
26 *landowner.]*

27 **SECTION 71.** ORS 527.685, as amended by section 46 of this 2022 Act, is amended to read:

28 527.685. (1) The State Board of Forestry shall by rule establish the amount of civil penalty that
29 may be imposed for a particular violation. Except as provided in [subsections (5) and (6)] **subsection**
30 **(5)** of this section, a civil penalty may not exceed [*\$10,000*] **\$5,000** per violation.

31 (2) In imposing a penalty authorized by this section, the State Forester may consider the fol-
32 lowing factors:

33 (a) The past history of the person incurring a penalty in taking all feasible steps or procedures
34 necessary or appropriate to correct any violation.

35 (b) Any prior violations of statutes, rules, orders and permits pertaining to the Oregon Forest
36 Practices Act.

37 (c) The gravity and magnitude of the violation.

38 (d) Whether the violation was repeated or continuous.

39 (e) Whether the cause of the violation was an unavoidable accident, negligence or an intentional
40 act.

41 (f) The size and type of ownership of the operation.

42 (g) Any relevant rule of the board.

43 (h) The cooperativeness of the person incurring the penalty and the person's efforts, if any, to
44 correct the violation.

45 (3) The penalty imposed under this section may be remitted or mitigated upon such terms and

1 conditions as the board determines to be proper and consistent with the public benefit. Upon the
2 request of the person incurring the penalty, the board shall consider evidence of the economic and
3 financial condition of the person in determining whether a penalty shall be remitted or mitigated.

4 (4) The board, by rule, may delegate to the State Forester, upon such conditions as deemed
5 necessary, all or part of the authority of the board provided in subsection (3) of this section to as-
6 sess, remit or mitigate civil penalties.

7 (5) For a violation of ORS 527.745, or rules for reforestation adopted pursuant to ORS 527.745,
8 the State Forester may impose a civil penalty in an amount equal to the estimated cost of reforest-
9 ing lands pursuant to ORS 527.690.

10 *[(6) If the State Forester makes a finding that an operator, timber owner or landowner has a his-*
11 *tory of significant violations that shows a pattern of willful disregard for the requirements of ORS*
12 *527.610 to 527.770 or rules or orders adopted or issued thereunder, the State Forester may impose a*
13 *civil penalty in an amount not to exceed \$50,000 per significant violation. In imposing the penalty, the*
14 *State Forester shall consider, in addition to the factors described in subsection (2) of this section:]*

15 *[(a) The degree, if any, to which the operator, timber owner or landowner derived economic benefit*
16 *from the significant violation.]*

17 *[(b) The proportion of total operations conducted by the operator, timber owner or landowner re-*
18 *lated to which significant violations have occurred compared to the total number of operations con-*
19 *ducted by the operator, timber owner or landowner, while accounting for the organizational structure*
20 *of the operator, timber owner or landowner.]*

21 **SECTION 72.** ORS 527.714, as amended by section 47 of this 2022 Act, is amended to read:

22 527.714. (1) The rulemaking authority of the State Board of Forestry under ORS 527.610 to
23 527.770 consists generally of the following three types of rules:

24 (a) Rules adopted to implement administration, procedures or enforcement of ORS 527.610 to
25 527.770 that support but do not directly regulate standards of forest practices.

27 are set in statute.

28 (c) Rules adopted to implement the provisions of ORS 527.710 (2), (3), (6), (8), (9) and (10) that
29 grant broad discretion to the board and that set standards for forest practices not specifically ad-

31 (2) When considering the adoption of a rule, and prior to the notice required pursuant to ORS
32 183.335, the board shall determine which type of rule described in subsection (1) of this section is

38 and is not subject to the provisions of this section.

39 (4) If the board determines that a proposed rule is of the type described in subsection (1)(c) of
40 this section, and the proposed rule would change the standards for forest practices, the board shall
41 describe in its rule the purpose of the rule and the level of protection that is desired. *[If the pro-*
42 *posed rule would change the standards for forest practices that relate to the protection of aquatic re-*
43 *sources, the level of protection that is desired must be consistent with:]*

44 *[(a) Requirements described in the Private Forest Accord Report dated February 2, 2022, and*
45 *published by the State Forestry Department on February 7, 2022; or]*

4 this section, including a proposed amendment to an existing rule not qualifying under subsection (3)

6 the board may adopt such a rule only after determining that the following facts exist and standards
7 are met:

8 ***[(a)(A)] (a)*** If forest practices continue to be conducted under existing regulations:

9 ***[(i)] (A)*** There is monitoring or research evidence that documents that degradation of resources

17 species or resource site to be protected by the proposed rule has been documented using best
18 available information;

19 (c) The proposed rule reflects available scientific information, *[and, as appropriate,]* the results
20 of relevant monitoring and, **as appropriate**, adequate field evaluation at representative locations in
21 Oregon;

22 (d) The objectives of the proposed rule are clearly defined, and the restrictions placed on forest
23 practices as a result of adoption of the proposed rule:

25 tection is sought; or

26 (ii) In the case of rules proposed under ORS 527.710 (10), are to reduce risk of serious bodily
27 injury or death; and

28 (B) Are directly related to the objective of the proposed rule and *[materially]* **substantially** ad-
29 vance its purpose; *[and]*

30 (e) The availability, effectiveness and feasibility of alternatives to the proposed rule, including
31 nonregulatory alternatives, were considered, and the alternative chosen is the least burdensome to
32 landowners and timber owners, in the aggregate, while still achieving the desired level of
33 protection[.]; **and**

34 **(f) The benefits to the resource, or in the case of rules proposed under ORS 527.710 (10),**
35 **the benefits in reduction of risk of serious bodily injury or death, that would be achieved by**
36 **adopting the rule are in proportion to the degree that existing practices of the landowners**
37 **and timber owners, in the aggregate, are contributing to the overall resources concern that**
38 **the proposed rule is intended to address.**

39 (6) Nothing in subsection (5) of this section:

40 (a) Requires the board to call witnesses;

5 *and Science Team.*]

6 [(8)] (7) If the board determines that a proposed rule is of the type described in subsection (1)(c)
7 of this section, and the proposed rule would require new or increased standards for forest practices,
8 as part of or in addition to the economic and fiscal impact statement required by ORS 183.335
9 (2)(b)(E), the board shall, prior to the close of the public comment period, prepare and make avail-

15 105.810. (1) Except as provided in ORS 477.089 and 477.092 and subsections (4) to (7) of this
16 section, whenever any person, without lawful authority, willfully injures or severs from the land of
17 another any produce thereof or cuts down, girdles or otherwise injures or carries off any tree, tim-
18 ber or shrub on the land of another person, or of the state, county, United States or any public
19 corporation, or on the street or highway in front of any person's house, or in any village, town or
20 city lot, or cultivated grounds, or on the common or public grounds of any village, town or city, or
21 on the street or highway in front thereof, in an action by such person, village, town, city, the United
22 States, state, county, or public corporation, against the person committing such trespasses if judg-
23 ment is given for the plaintiff, it shall be given for treble the amount of damages claimed, or as-
24 sessed for the trespass. In any such action, upon plaintiff's proof of ownership of the premises and
25 the commission by the defendant of any of the acts mentioned in this section, it is prima facie evi-
26 dence that the acts were committed by the defendant willfully, intentionally and without plaintiff's
27 consent.

28 (2) A court may, in its discretion, award to a prevailing party under subsection (1) of this section
29 reimbursement of reasonable costs of litigation including but not limited to investigation costs and
30 attorney fees.

32 section reasonable costs of reforestation activities related to the injury sustained by the plaintiff.

33 (4) A contract logger is liable only for actual damages in an action under this section if:

34 (a) The contract logger conducts an operation under a signed, written contract with a person
35 the contract logger reasonably believes to be the legal owner of the produce, trees, timber or shrubs
36 in the operation area;

37 (b) The contract identifies the operation area by a metes and bounds description or other suffi-
38 cient legal description;

39 (c) Before the contract logger begins harvesting in the operation area, the person who engages

15 action as a defendant unless jurisdiction over the person cannot be had. If a judgment is entered
16 against the contract logger and against the person who engaged the contract logger, the contract
