

To whom it may concern

My name is A'mere Ledbetter and I am writing this letter because I strongly feel like we should have more or even start having ethnic classes in all of the high schools in Oregon. I'm currently a senior in high school and I am currently enrolled in a black studies class which also goes towards my English credit. In my opinion I strongly feel like taking this ethnic studies class is way more interesting than a normal English class and the material is much more engaging. Taking an ethnic studies class I feel like can be very beneficial in the Oregon education system.
