Committee: Senate Committee On Natural Resources and Wildfire Recovery

Measure: SB1501

I support SB 1501 and the collaboration shown between responsible entities. The Private Forest Accord provides for much needed additional riparian buffers, increased management of forest roadways and mitigation of environmental impacts. This is an important legislation and I urge its passage. I've worked at the local, state and federal levels for environmental safeguards and improvements for the last 20 years - the PFA is the first of its kind legislation with broad support. Thank you for your service and for respecting your constituents.
