On Behalf Of:

Committee: House Committee On Revenue

Measure: HB4115

This Treasury Transparency Bill (HB4115) will shine a light on the holdings of the Oregon Treasury, which manages \$130 billion of our money. HB4115 will ensure that our Treasury publicly releases information about these holdings, which include investments in climate-wrecking fossil fuel companies, along with any climate risk assessments. If the Treasury is doing a climate risk assessment of their investments, the results of that assessment should be available to the public as well. This will begin to change the course of our State to stop investment in climate changing industries. Thank you.
