Implementation

Measure: SB1510

This bill moves \$10 million from Oregon Criminal Justice Commission for distribution to Northwest Health Foundation Fund II for "Justice Reinvestment Equity Program." Prohibits police officer from initiating a traffic stop for failure to use lights or operation without required lighting equipment. requires officer to inform person of their right to refuse consent to search.

The bill makes a few good changes to probation guidelines, but then prohibits officers from making traffic stops based on improper vehicle lights, which will lead to reduced safety.

Provides \$10 million to The Northwest Health Foundation which is dedicated to "eliminating laws rooted in white supremacy." These initiatives decrease public safety, and the most-impacted are the very citizens these initiatives purport to serve.
