**Subject: HB 4125**

Chair Fahey, Vice-Chairs Campos and Morgan, and Members of the Committee,

My name is James I. Manning, Jr., and I am the State Senator for Senate District 7, encompassing North and West Eugene, and stretching up to Junction City through the end of 2022 when my district will move south to include Veneta. I am writing to request your full support for House Bill 4125 regarding fair use of rental application fees.

By now, we know all too well that Oregonians across the state are struggling to access affordable and low-income housing, whether they are our neighbors experiencing or transitioning out of houselessness or trying to buy their first home. Today I want to highlight a particular barrier for tenants who encounter strong competition while searching for rental units that puts them into the position of needing to pay several application fees on various properties. These fees—costing up to and beyond \$200 for each adult household member when submitted to several units—are a significant burden on Oregonians.

We have to—and we can—do better for each other. This bill will increase much-needed transparency and structure to this rental application fee process for both applicants and landlords. It will help our most vulnerable, who are also often our essential and frontline workers, to find and make homes with greater ease. It provides good and clear guidance to landlords. HB 4125 will do all of this without a fiscal impact.

In a time when more than a third of Americans are unable to cover an unexpected \$400 expense<sup>1</sup>, it just makes sense to empower Oregonians to know their rights and ensure their money is put to good and timely use. Colleagues, I urge your support on this bill, and thank you for your consideration.

Sincerely,

Senator James I. Manning, Jr.  
Senate President Pro Tempore  
Senate District 7
