

Submitter: Susan Rosenthal
On Behalf Of:
Committee: House Committee On Revenue
Measure: HB4115

Please support this bill. Oregonians need to know how our investments are impacting the climate. Climate change is having a negative impact on our lives and communities. Last year we experienced 106 degree temperatures and drought in the Portland Metropolitan area. This was the consequence of climate change. If this bill is passed and enacted into law, the citizens of this state will be able to evaluate how the investments we make are contributing to the problem.
