Testimony to House Revenue Committee on HB 4115 - The Treasury Transparency Bill
February 4 meeting at 3:15pm

Dear Revenue Committee members,

I strongly urge you to move HB 4115 out of your committee as soon as possible! This should be a bill that ALL Oregonians can get behind. This Bill will make Transparent, what has always been Invisible at Treasury. That is, where does our money get spent when treasury invests it for our benefit! And, are we getting value for that investment?

I hope that you all can see how important knowing these details will be for all Oregonians.

Thank you,

Robin Bloomgarden
