

Good afternoon, Chair Alonso Leon, Vice Chairs Neron and Weber, and Members of the House Education Committee,

My name is Camellia Green, I am in 4th grade and I attend Chief Joseph Elementary. I would like to share about my bad experiences at my school. There is so much bullying and it is just because people want to be rude. I think bullying has to stop because if you bully people then you will lose trust from people.

My good experiences at school are that some of my classmates actually care about other people's feelings so that they can have trust with one another.

Outside school experiences are great but sometimes they are sad because I have to let things go. The things outside of school that make me sad are when I have a person to hold onto a secret for me and they end up telling someone and I feel like I can never trust that person again then I start to feel sad because they betrayed me and my trust. I really hope we can all work together so we can set better examples for one another. Trust is very important to me.

Thanks Cami
