Committee: House Committee On Revenue

Measure: HB4115

My name is Taryn Oakley and I am an Oregon PERS member. As the past two summer of wildfires and heat waves have reminded us: climate change is here and it is impacting ALL Oregonians. These drastic changes are being fueled by fossil fuel investments. I need to know if MY retirement PERS dollars are funding climate chaos. Transparency is at the heart of Oregon's climate fight and the solution starts by passing HB4115.

This bill will give Oregonians a way to track if our state is investing in holdings that match our state's needs and values – from the climate to human rights to the energy transition. Let's pass HB4115!

Thank You!
