

Submitter: Cynthia Roche  
On Behalf Of:  
Committee: Senate Committee On Education  
Measure: SB1522

The definition of "State Law" in this law is overreaching.

"State or federal law" includes any executive order, order of the Superintendent of Public Instruction, declaration, directive or other state or federal authorization, policy, statement, guidance, rule or regulation."

This bill essentially takes away voters will when we elect our school board. This bill is anti-democracy and should not be passed.
