

Submitter: Makiko Hoff

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1521

This will limit the boards' ability to fire a superintendent who is not following the boards' policies to fire him/her. This is NOT good as the board is the superintendent's boss and the board is the one who sets policies, approves school budgets, approves curriculum and more. If a superintendent is not going to be supportive of the board, then they should have the right to fire the superintendent. This bill is being pushed by ODE, COSA and OSEA, not what the communities want.
