On Behalf Of:
Committee: House Committee On Revenue
Measure: HB4115

I want to know how our dollars are invested. It is important for us to be vigilant about our future and to insure that we are on a sustainable path to a healthier climate while insuring equity for all. We need to stop the degradation and pollution of our environment and promote cleaner, healthier communities. Knowing where our dollars are going will insure that we do not enable more destruction. Please pass HB 4115.
