Committee: Senate Committee On Education

Measure: SB1521

I believe our elected School Boards should have the ability to fire Superintendents who do not comply with the desires of the People. In this case, the People want political symbols out of the classrooms. This bill as i understand it, will not allow the People and School Boards to make requests to the Superintendent . In other words, the Superintendent can do anything they wish, and disregard the will of the People.

We should not have to comply with these Superintendent's anti-American, anti-freedom actions.
