

Submitter: Christina Cook
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB1521

The reason that I vote for School Board members is to run the schools that my children are involved in. They are a direct reflection of what I believe is the best for my children. If you pass SB 1521, you are taking away the power of my vote, and going directly against what a democracy stands for. Leave the power with the parents and the Board.
