

Submitter: Janet Stevens
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB1521

Dear Senators,

I strongly oppose SB1521 trying to be quickly pushed through by the anti-democratic lawmakers in Salem. We, the people of Oregon, elect our board members to make decisions of what is best for our school children. This bill undermines their ability to do their job effectively. In my opinion, SB1521 is very wrong and must not go through. Our children are being indoctrinated by a pushy group of people who want to indoctrinate our children with their evil Marxist ideas.

Sincerely,
Janet Stevens
