On Behalf Of: Anonymous CNA via Salem Health
Committee: House Committee On Judiciary
Measure: HB4142

Yes! I'm in favor! I've worked as a CNA for 10 years at Salem Health. I have never been assaulted (once I was punched by very lightly by a woman who had tried to commit suicide, she was not in her right mind, didn't even have her eyes open) but there have been many times when it was close & if they were not in 4 point locked restraints I may have been.
