Measure: HB4142

Hi Shelly,

I am writing to you today to show my support for the legislation you are working on that gives nurses protection against violence and assaults on the job. As a local nurse at Albany General we see violence and assault on a regular basis and staff often do not report or push to have these prosecuted. By having this amendment pass it shows support to nurses and other staff and gives us the ability to ensure those who injure staff are held accountable. Hopefully it can help decrease violence in healthcare before it happens.

Thank you!

Shannon Richter
